

Peter MacKenzie, AIA
partner

Peter MacKenzie has worked at David Baker + Partners since 1983 and has more than 22 years of experience in design, construction document preparation and construction administration. He has extensive knowledge of a wide range of housing types including custom residences, lofts, senior housing, affordable multi-family housing, and congregate residences. Peter was made partner at the beginning of 2001.

During the past nine years Peter has focused his work on the re-use and renovation of existing buildings including Type I, Type IV and Type V construction for use as housing. He is currently working on several high-density new construction apartment projects.
